SUMMARY

I am proficient in front-end development, web development, user interface (UI) design, with a strong foundation in programming languages such as JavaScript as well as markup languages such as HTML & CSS. My experience includes leading collaborative projects, developing interactive websites using React.js, and designing user-friendly interfaces for various applications/websites. I am passionate about innovation in technology and thrive in a dynamic environment where I can utilize my technical and creative skills to drive impactful results.

EDUCATION

Sekolah Tinggi Teknologi Terpadu Nurul Fikri   **South Jakarta**
S1 Information Systems | GPA 3.66s   September 2022 – Present
- My favorite course during my time here is Web Programming, which teaches the basics of coding and has been a longtime passion of mine.

SMK Thursina   **Bogor**
Major Rekayasa Perangkat Lunak   June 2019 - July 2022
- During my schooling, I was the best student for 3 consecutive years.

EXPERIENCE

Bangkit Academy   **September 2024 – January 2025**
Completed an intensive course in Cloud Computing, Front-End Development, and Back-End Configuration, gaining in-depth knowledge of cloud infrastructure, services, and deployment models. Proficient in virtualization, networking, and data storage, with hands-on experience using Google Cloud. Skilled in designing scalable cloud solutions, developing responsive user interfaces, and configuring back-end systems to ensure seamless cloud integration across applications.
- Experienced in designing and implementing cloud solutions using Google Cloud.
- Proficient in developing interactive UI/UX and ensuring seamless front-end and back-end integration.
- Strong ability to configure back-end systems for efficient and scalable cloud-based architectures.

PT Alam Indonesia Raharja (AIR)   **Jakarta**
Web Developer (Freelance)   Januari 2024
- Built and developed websites according to given specifications.
- Implemented responsive design to enhance user experience.

PT Gyro   **Depok**
Labeler   Agustus 2023 – September 2023
- Successfully completed labeling tasks in a timely manner.
- Managed label inventory in an organized and efficient manner.
